NFA Federation Met at Carver

An unusually large crowd attended the contest activities of the Western Federation of New Farmers of America held with the Carver Chapter of NFA at the Carver High School last Friday at 8:00 P. M. The regular business session began at 6:00 P. M. The president, Deaster Johnson, presided in an excellent manner.

The following activeities were given by the Federation: quiz contest, oratorical contest, quartette contest and talent contest. The following schools won in the different contests: Quiz, Albemarle, Buckingham and Campbell; oratorial, Buckingham, Appomattox and Campbell; quartette, Campbell, Appomattox, Albemarle; quiz, Albemarle, Appomattox and Campbell.

Mr. Bernard Davis, first vice-president of the State Association was present and delivered a helpful address on What the N. F. A. Stands For. Mr. W. C. Dudley, district supervisor of Agricultural Education in Southside Virginia was present and gave some helpful remarks and comments. Other guests included Mr. E. N. Finney, Vocational Agriculture in Powhatan County. The following advisors gave helpful remarks: W. R. Carter, Rustburg; R. T. Yates, Dillwyn; and C. L. Clarke, Albemarle.

The following served as critic judges: Rev. N. R. Jordan, Miss Ophelia Madden and Miss P. M. Hines. The next program will be held at the Campbell County training school on Friday, April 30, at 6:00 P. M.

The time has come for the annual State Farmers Conference, which is held at Virginia State College, in Petersburg, Va. Transportation has been arranged for all persons wishing to make the trip. Two buses will leave Carver High School at 6:30 A. M., Thursday morning, April 15. The fare is $2.00 per person. Make up your mind to take a day off from your labors and enjoy the splendid program that your State College has prepared for you.

—G. L. James, Farm Agent.

All members of the Canaan Baptist Church are asked to meet the pastor at the church this Saturday at 2 P. M. Regular business will be discussed and a special message will be given by the pastor.

Plans are nearing completion for the annual musical feast. The program will be given on the fourth Sunday in April at 4 P. M. at the white school auditorium.

Mrs. Millie Wright, who has been ill for several days, continues ill.

The installation services of the Sunday School officers of Galilee Baptist Church last Sunday evening was a great success. The pastor delivered the installation sermon. The right hand of fellowship was given by deacon Charlie Walker, sup't. of the Pamplin Sunday School. Mrs. W. O. Smith lifted the offering, which was very good. Rev. C. A. Marshall gave in an interesting manner the history of Sunday School. The church choir under Miss Madden, rendered special music.

To The Times-Virginian:

Mr. Editor, will you please give me a little space in the paper, as I want to say a few words for our little town over here. We had a fine Easter Sunday at the Jordan Church in the morning and in the afternoon with the Mt. Airy Church. . . the Jordan Church members will take up a collection for the white people to help them in the new church they are building at Oakville. . . I feel that we should, help each other as we are all working for the same kingdom. . . We are taking the collection for the Oakville Church the fourth Sunday in April. . . Henry Phelps.

How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

1 Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "times" to come.

2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did.

ONE *isn't enough when* **TWO** *are needed!*

Approximately ten years ago, the average home was wired for simple lighting and about half a dozen electrical appliances. Today, in the kitchen alone, there may be six or more pieces of electrical equipment. Yesterday's wiring isn't adequate for today's—and tomorrow's—needs! If you're planning to build or remodel, remember that it costs less to do it right the first time. And the difference between ADEQUATE WIRING and "cheap" wiring is a trifling sum—especially when you consider how much ADEQUATE WIRING adds to the comfort, convenience, and value of your home!

What is Adequate Wiring? It consists not only of enough convenience outlets and switches in each room, but also adequate service entrance, enough circuits of proper size to carry the current required, and large enough wires. Your ELECTRICAL CONTRACTOR can advise you. Electricity is the biggest bargain in our time. Let it work for you to the fullest—with Adequate Wiring!

MORE OIL...

...and still more is on the way!

1. Last year, this country used more oil than the whole world did in 1939 – before World War II.
2. There are 3,000,000 *more cars* on the road than there were before the war. And the average motorist is using 50 *more gallons* of gasoline per year in his car.
3. 25% more buses – 30% more trucks – serve you now than before the war.
4. Farmers have *doubled* their use of time-saving, work-saving tractors, trucks, and other equipment since pre-war!
5. 1,500,000 more home owners heat their homes with oil than in 1939.
6. Today, production of petroleum products has reached an *all-time record high* – 61% greater than before the war and 12% greater than the peak year of war-time production!
7. But you still need lots more oil. And that means new, expanded facilities for finding, producing, transporting, refining, and delivering more oil. And that's the job America's oil industry is working on right now – around the clock and with sleeves rolled up!

THE JOB AHEAD is a big job, calling for big plans and big performance.

ONE BILLION DOLLARS . . . that's one thousand million dollars . . . is what this one company and its affiliates are spending in 1947 and 1948 to modernize and expand production and facilities at the greatest rate in our history.

And that's only part of the story. During the next few years, reports indicate, the oil industry—as a whole—is planning to spend 13 BILLION DOLLARS to do this job.
